To Whom It May Concern

**Re: Owl Creek Park Master Plan  
Preliminary Plan Design  
Stakeholders Review  
HFR Project No. 2005122.02**

Dear Property Owner:

As you are aware, Hart Freeland Roberts and Heibert and Associates are developing the master plan for a passive park on Concord Road along Owl Creek. Please find enclosed the preliminary layout that was presented and discussed at the stakeholders meetings in May and July.

The designers have taken the information collected during the meetings and incorporated it into this layout. We are currently in the final stages of the master planning phase, and would like to gather any final comments that may be included in the plan. Please take some time to review the layout and provide any additional comments you may have to our office **by Friday, November 11**. It is our intention to make the final presentation to the Brentwood Parks Board at the December 5<sup>th</sup> meeting.

You may send responses to:                    Jim Gilliam
